# Welcome

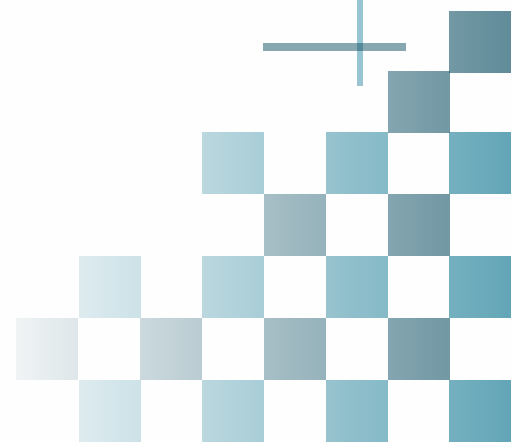

Education is the key that can unlock the future, holding immense possibilities and convert dream into reality. Shikshapeeth is an initiative undertaken to cater the world economy with highly talented managers and professionals of tomorrow. As an institution we believe that our prime responsibility lies in imparting quality education along with professional grooming and positive attitude.

Shikshapeeth College of Management and Technology is a drive to develop quality education models and impart practical based learning to our students. We welcome you to this world of opportunity, universal learning, practical skills and leadership. With our unique offerings and teaching methodologies we are committed to shape up the careers of budding talent in this highly competitive world. We believe learning is a continuous process and it is important to have education that

remains relevant for a lifetime professionally as well as personally. We seek young minds that are open to ideas, ready to face challenges and prepare to create benchmarks.

Shikshapeeth College of Management & Technology has inculcated good teaching practices, updated resources, highly educated faculties and meticulously designed curriculum.

We offer wide range of graduate and postgraduate courses through Distance mode from UGC recognized Central Govt. University with Complete online learning platform and industry exposure under our unique **CI CORPORATE INTERFACE, FACE TO FACE AND WEEKEND** programme in various streams of Management and Commerce. Our complete teaching methodology ensures most advance course model.

## Understanding The Gap

Our Aspiring Managers

Although Indian education system is performing well and is able to produce some of the best minds, we are still way behind of our true potential. Our regular education system emphasises on building the theoretical concepts rather than giving required practical exposure. So even if the students become aware of the knowledge they find it difficult to apply the same in real life situation. This has emerged as the biggest challenge for the Industry.

Also the vastness in curriculum, limited choice of subjects and assessment system of Indian education system invariably depends on the performance in the exams only. This also prevents directing the students to develop creative and analytical bent of mind. The system though keeps students occupied throughout the study period but rarely develops new and practical skills which are most required in their future choice of career.

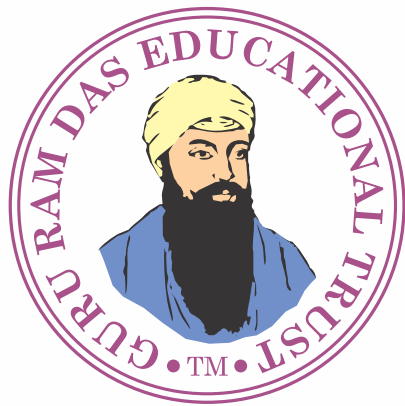

Another big gap is lack of speciality in higher professional studies. With changing times and economic trends the requirement of corporate sector has changed dramatically. So it is now not sufficient enough to have a degree or

diploma in any subject. Now industry is looking forward to a new league of workforce who is trained on specific fields and can attain enormous growth in the same industry. With rising competition, speciality is the only differentiator that will not only prompt growth but also will bring forth new leaders in various fields / industries.

The education system also lacks proper grooming of soft skills and personality development lessons. In fact today's curriculum based education does not prepare a student for the job; rather it prepares for an examination.

A student today needs to be taught management skills and analytical aptitude to confidently enter the industry. Every large organization is spending a huge sum to prepare and train students for the industry. This has resulted in a trend of hiring preferences to experienced candidates. Wherein India is producing millions of graduates and post graduates, many of them are finding it difficult to pursue a promising career in professional world due to the lack of applicability of knowledge.

## About 'The Trust'

Shikshapeeth is an initiative undertaken by 'Guru Ram Das Educational Trust' with a philosophy of building an education driven society resulting in building a strong bond with the parents and students. We are passionately involved in various initiatives that enable us to impart holistic learning environment to all strata of society. This will in turn help us to do our bit of building a society driven by values, knowledge and ethos.

The trust strive to provide global standard education to our students enabling them to explore, innovate and harness the true potential of quality education. With our open door policies we want to showcase our transparency and student friendly attitude.

## About 'The College'

Success comes to them who dare to think out of box. Shikshapeeth is an emblem which stands strong on the ground of values, quality, innovation and a spirit of oneness. The institute is proud to instill innovative approach while delivering quality education to the students.

Shikshapeeth College of Management & Technology, headquartered at Delhi, has inculcated an emerging concept of practical based learning along with comprehensive curriculum and competitive teaching methodologies. Our institute is a strong proponent of research and practical implementation based education. As a result we provide complete exposure to our students enabling to adapt themselves in the highly changing professional scenario around the globe. Equipped with industry parameters, immense knowledge base and sophisticated infrastructure, we are among those growing institutes ready to leave an imperative mark.

Qualitative measure and continuous improvement provide strong support to Shikshapeeth's infrastructure, facilities and management unit. We believe that positive contribution from students and management team can create a wonderful ambience for a healthy and rich education. Some of our features which make Shikshapeeth a perfect educational sanctuary for students are:

- As we provide practical based teaching facilities, we are enthusiastic propagators of high end technologies.
- Real time exposure to industry requirement through practical sessions.
- Open door policy for better communication with mentors and other faculty members

## President's Desk

'Enlightenment through knowledge', this simple yet deep philosophy has been the guiding beacon for Shikshapeeth college of Management & Technology since its inception. Today we feel proud to stand by our commitment to provide world class education with the ongoing demand of the industry.

We started as a humble initiative undertaken by '**Guru Ram Das Educational Trust**' with a philosophy of building an education driven society. Today we are a pioneering name in education offering a host of courses in both graduate and post graduate level with differentiators like good teaching practices, updated resources, highly educated faculties and meticulously designed curriculum. The college has done remarkable work in cultivating the young minds and instilling innovative approach while delivering quality education to the students.

We will take this opportunity to announce our latest addition in the field of progressive education i.e. **India's best Corporate Interface and Face to Face Programme along with degree from UGC approved and NAAC accredited Central Govt. Universities.** This

exemplary program integrates classroom training and corporate exposure to provide the additional edge of expertise through experience. The program is an ideal mix of classroom training and competitive corporate world experience. The main objective of this program is to provide Industry Ready Professionals to the companies/corporate world, so as to cater to the ever-growing demand of smart professionals across industries.

With this highly interactive programme I give best wishes to all the students in building right attitude, honing inter-personal skills and analytic capabilities which act as the differentiator while building your career.

## MISSION

We aim to cater the knowledge seeker and shape up their career in the modern professional world through :

- Quality Education • Research based practical know-how
- Innovative and advance teaching methodologies • Global Exposure

## VISION

We aspire to be an institute reckoned around the world for creating impeccable future business leaders contributing to the society at large. We aim to achieve this by :

- Continuous knowledge enhancement
- Commitment and value based teaching process
- Synergic contribution to society through value added services and international knowledge exchange

## PHILOSOPHY

The underlying philosophy of Shikshapeeth generate from the very noble idea of 'Enlightenment through Knowledge'. We put uncompromised efforts in realizing the philosophy. We believe true knowledge comes from innovation and innovation is the child of exposure.

So, our efforts are aligned to provide practical exposure to our students, that triggers innovative instinct and illuminate their life with knowledge and raise the career graph to the pinnacle of success.

## Corporate Interface

Shikshapeethians undergoing practical exposure at HERO MotoCorp. under CORPORATE INTERFACE programme

### The Concept Note

The massive tide of globalization and fast emerging economical environment has put an immense pressure on our education system to reinvent itself to match the requirements of future. It is well understood that education is the key element in today's competition prone world and is the only way to prepare students to face the professional challenges efficiently. Stating this very concept in his own words **Dr. A P J Abdul Kalam (Former President of India) stated, "Focus of the education system should be to train students to become autonomous learners"**.

Shikshapeeth's thinking cap has been active ever since we have identified the possibilities to bring a change in the sector. We have introduced strategic moves to reinforce the realization of individual potential among students. Our long term strategies are based on simple philosophy of creating a benchmark in the education and transform lives.

Following this philosophy we have closely studied the prevailing education patterns and conceptualize the unique Corporate Interface Program model. This model when implemented and inducted in Indian higher education program has created leaders in past & has changed the face of course delivery. The concept not only includes

students aspect but is a holistic approach considering Students, Faculty, Educational Institutes, Corporate Industry and society at large.

We believe that the most relevant approach to make Indian higher education efficient is to develop a coherent and comprehensive policy. Our aim is to infuse excellence, bring institutional diversity and aid capacity building in the intellectual capital. We firmly believe that the growth prospects of the Indian economy depend to a large extent on how the country tackles certain issues of intellectual capital today. This is the task of the education system to mould students according to the requirement of the industry and we wish to take the pioneering step in that direction.

### What is Corporate Interface ?

Corporate Interface program is a model of education in which along with regular classroom education the student works/trains in corporate both at Graduate and Post Graduate level from the second year onwards of their respective programmes.

Technically Corporate Interface Program is redesigned model of existing higher education programs to align it to the specific requirements of corporate world and infuse maximum exposure, to in hand experience for students in actual work environment. Along with their regular studies, students also

### Programme Highlights

Our Corporate Interface Programme is designed not only to fulfil the gaps in our education system but also cultivates the importance of creating a rational and practical based education which is based on a balance mix of theoretical foundation and practical exposure. It is no way just some cosmetic changes in the system, rather it is a bold step towards complete make-over of the delivery to create a new set of system built on the base of practical learning. Here students will study a meticulously designed program with very niche selection of subjects under the specified guidelines.

Some of our pointers that mark a beginning of new and fresh educational reforms through Corporate Interface Programme are :

- ▶ Detailed study of Indian educational structure & student oriented course structure.
- ▶ Innovative and specialized course designed for professional success developed in accordance with industry requirements.
- ▶ Futuristic delivery model to inculcate knowledge among students.
- ▶ Pioneering concept and capability to implement.
- ▶ Program will bring professional success to students from different walks of life.
- ▶ Professional insight and latest trends observed by experts are included.
- ▶ Continuous improvement model to bring newer and newer programs to suit future needs.
- ▶ Flexible learning facilities.
- ▶ Exposure to real work environment in corporate world where students gains experience and leadership qualities.
- ▶ Special emphasis on etiquette, presentation capability and personality development for students to build confident professionals of future.
- ▶ 360° learning for students as well as faculties for effective results.
- ▶ Course structure is developed under the industry specified guidelines to maintain high quality standards.

gets internship in prestigious companies where they work in various profiles. This combination of world class course material along with real time experience enhances the value of the programme and will assist the students to excel in their choice of career. The whole process from course delivery model, faculty training, and assessment to monitoring and mentoring is completely unique and designed to promote a learning environment.

### Program Benefits

Education is first step towards a brighter tomorrow. So when we conceptualized the Corporate Interface Programme it propelled a wave of new ideas with multifaceted benefits. These benefits are not limited to the students only but also includes everyone associated along with our society. The concept is noble and revolutionary as well, if we implement it with determination, dedication and under guidance of the best brains working in the education sector. Although it is very early to understand the larger impact of the programme, at this stage but even the very practical benefits are inspiring.

### Benefits for Students

- This program is completely career oriented where students are not taught to chase Grades but instil positive and confident attitude that determines success.
- Provides equal opportunities to every student and bring out the incredible potential from average students who are left behind in the current system.
- Along with knowledge skills are also nurtured.
- Completely unique course materials emphasizing on practical based learning.
- Focussed curriculum to develop specialized skill set.
- Opportunity to work in real work environment wherein they are exposed to hand experience and true realization of the idiom of 'Earning while Learning'.
- Flexible delivery model minimizing the pressure and maximizing real world exposure.
- Creating better career prospects with added experience and training.

- Wide choice of specializations to deliver interest driven career to everyone.

### **Benefits for Corporate world**

Indian corporate houses have long waited for an education system that can synchronize the imparted knowledge with overall industry requirements and current trends. So when the requirement remained unattended resulting to which the industries started their own skill development programs to fulfill the demand. Now with the introduction of Corporate Interface Programme the industry will also reap huge benefits. Some of the primary benefits are:

- Training cost is minimized as students have already undergone training in this programme.
- Increased communication, interaction and association with educational institutes to offer their suggestions about the basic required skills for a professional career.
- A steady flow of highly employable workforce which require minimum training.
- Can focus more on hiring fresh candidates with industry exposure, and infuse fresh ideas and vigour in the workforce.

- Increased campus recruitments resulting in reduced hiring costs.
- Opportunity to associate with University/ College to jointly develop courses as per specialized requirements.
- A wide pool of young trainees who will learn job skills during their studies which will reduce the induction time to a great extent.
- Opportunity to pick suitable candidates even before they complete the course securing future demands.

### **Benefits for Society**

Every development in education has benefited the society. So the Corporate Interface programme also has some very positive and long term societal impacts. Some of the following benefits have the power to create a new benchmark in social development.

- Has improved the employment scenario drastically where more and more youth get the job of their choice and achieve success in their professional career.
- Skill based learning will increase the employability of even average students, which in turn will strengthen the position of India as the greatest pool of talent.
- Greater stress on overall development in the students will reduce the fear of grades and encourage more people to pursue higher studies.

## Programme Integration

The integration of the Corporate Interface Programme in the present education system is very critical and requires a comprehensive structure to perform the various functions smoothly. So we have categorized the complete program in four distinct functions:

### Academic Development

It comprises of every aspects related to the academics and the course delivery required to gain the knowledge by the students. To make the program completely industry oriented all the course materials are designed accordingly. These materials are developed in coordination with the university academic experts and industry inputs. A completely dedicated team of academic experts pool their efforts to develop these programme.

These programmes will act as the learning tools for the students as a whole. The course material is developed with maximum focus on developing practical skills, in depth understanding based on case studies and to improve the student's performance in group and at individual levels. Also the learning experience is enhanced through various assignments, workshops, seminars, participation in group activities, business scenario simulations, debates, discussions,

brainstorming sessions. More emphasis is given to the applicability of knowledge in the real life scenarios.

### Skill based training

It is always our prime objective to groom students with holistic education where the scope of learning is expanded to develop personality, professionalism and social skills. So we put the on-the-job training as an integral part of the program where students gets trained on various skills/sectors which will help them to achieve the pinnacle of success in their professional and social life.

To make the student a perfect business leader only knowledge is not sufficient. Realizing this, a comprehensive training module is developed for presentation skills, public speaking, personality development, English communication, Interview skills, social etiquettes etc. This helps in the overall grooming and also in making them more employable in the corporate world. Emphasis has also been given to personal grooming, dressing codes, body language development, etc.

## Student Profile Management System (SPMS)

In continuation to the policy of Training and Placement cell, for recruitment and internship student's complete profiles is shared with companies online, which in turn makes the placement process easier and faster.

### "Developing profile of students and presenting the same to various industries"

A Student Profile Management System is an initiative under "Corporate Interface Programme" where the complete information of a student, starting from demographic residential location to all details of OJT / educational qualification / achievements of respective student is displayed at a single point with all recruiters. A company/recruiter can have a glance of all primary information of students and can search/select a specific student profile.

The profiles of students are available in various brackets:

**Final Placement Profiles** – Students who are going to passout, and have sufficient exposure through Internship under "Corporate Interface Programme" and are eligible for final placement.

**Internship Profiles** – Students who are currently in initial semesters/years and are ready for an exposure of various Industries under "Corporate Interface Programme"

**Upcoming Profiles** - Students who are in their first year and building a foundation for MANAGEMENT field.

Below is the step by step process along with snapshots of how to check student profiles in SPMS.

1. Click on the 'Student Profiles' link provided on the home page of [www.scmt.co.in](http://www.scmt.co.in)
2. On clicking 'Student Profiles' button, the link will redirect to home page of Student Profile Management System (SPMS)

Shikshapeeth  
COLLEGE OF MANAGEMENT AND TECHNOLOGY  
Managed By Shri Panchajanya Educational Trust

**Corporate Interface PROGRAMME**

Welcome you to - Student Profile Management System

Student profile management system is an initiative under "Corporate Interface Program" where the complete information of each student is shared at a single point. A company/recruiter can have a glance of all primary information of students and can search/select a specific student profile.

The students are available in various brackets :  
**Final Placement** – Students have reached final semesters, have sufficient exposure through Internship under "Corporate Interface program" and ready for permanent placement.  
**Internship** – Students who are currently in initial semesters and are to get an exposure of various industries under "Corporate Interface program"  
**Upcoming Profiles** – Students are in their first year and building a foundation for IT/MANAGEMENT field.

Final Placement Profiles | Internship Profiles | Upcoming Profiles | SCMT Alumni

Search Students Profile

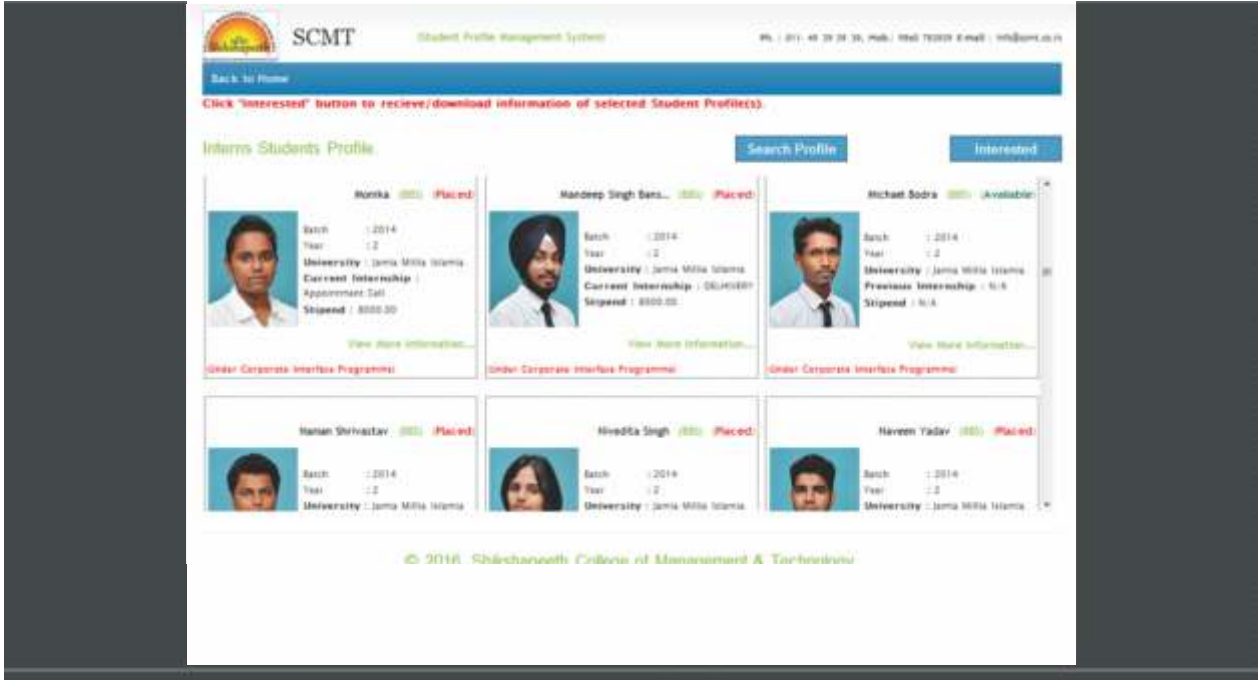

Some of Our Corporate Interface Partners:

careerbuilder | RELIABLE AIRCOR | Shreekhan | AXIS BANK | HOLYLAND MARKETING | Subros | dgm | OUTLOOK | RBS

© 2015, Shikshapeeth College of Management & Technology: 16, Binda Market, Sarai Pura, Tink Nagar, Near Police Station, New Delhi - 110018, Nearest Metro Station Subhash Nagar. Ph. : 011- 49 39 39 39 Mob. : 9840 753839 E-mail : info@scmt.co

The Home page contains links to Student Profiles which are segregated in three different sections: a) Final Placement Profiles b) Internship Profiles c) Upcoming Profiles. From here one can search various profiles by clicking on relevant link.

- After clicking on the relevant link to view specific students, a page will open containing profiles of students under that category. For example after clicking on Final Placement Profiles, a page will open up containing profiles of those students who are eligible for final placements.

- On clicking 'View More Information' the page will then open the complete profile of that student.

## Corporate Exposure

The most important function that completes the learning in corporate interface program is the real time work exposure in the industry. Students armed with a strong skill based training become ready for this challenging and most rewarding phase of their learning. This is the part where the students are evaluated and put on actual jobs in various companies.

During this on job training students also receive a stipend from the organization. Students work in the organizations in actual roles and are jointly assessed by the company and the college. A continuous mentoring and monitoring mechanism ensures that they learn maximum during this period and be prepared for the professional life ahead.

To ensure smooth placement of the students in various organizations an exclusive association is made with innumerable organizations which agree to take the students from the college. This becomes also beneficial for organisations as they can train these young minds for future employment and reduce the complexities of hiring fresh candidates and training them. Students who perform well in the actual job environment while training are often absorbed by the same organization and get a final placement offer even before completing the program.

In addition to on job training regular corporate interactions, industrial visits, guest lectures, national level events, excursion trips, seminars & conferences, student development programmes, house meets, sports and cultural events etc. are also a part of the programme. ●●

## Admission Guidelines

- 1) All admissions to university courses are subject to rules and regulations of the concerned University in force from time to time. Shikshapeeth College of Management and Technology has no control over the university as it is an independent body therefore Shikshapeeth College of Management and Technology cannot be held responsible for decisions and policies of university.
- 2) Student should carefully check their eligibility vis a vis their qualifications while applying for admission in a course of their choice offered by the University. In case of non-eligibility college will not be responsible for the cancellation of admission from university and in any case fee deposited for Corporate Interface, Face-to-Face or any other programme of Shikshapeeth College will not be refunded whatsoever in any circumstances and no request will be entertained in this regard.
- 3) Fee once paid for Corporate Interface, Face-to-Face or any other programme, offered by Shikshapeeth College, is non-refundable. Only security deposit is refundable after making necessary adjustments, if any. Security deposit shall be claimed within one year after the date of leaving the college. If security amount is not claimed in the stipulated time, the same shall be forfeited.
- 4) Admission to Corporate Interface, Face-to-Face or any other programme, offered by Shikshapeeth College, is strictly based on Shikshapeeth College of Management and Technology 'Admission Criteria'.
- 5) Student should submit the University application form along with necessary documents as prescribed by the University within stipulated time as per the date specified by university. Shikshapeeth College of Management and Technology will not be responsible for cancellation of university admission, in case, the form along with necessary documents and prescribed university fee is not submitted by the due date.
- 6) In case student opts to deposit fees through Cheque / Demand Draft / Bank Transfer, such transaction shall be done in two parts i.e. university fee shall be payable through payment mode as prescribed by the University **and** for Corporate Interface, Face-to-Face or any other programme of Shikshapeeth College the fee shall be payable through payment mode as prescribed by the college.
- 7) University fee and any other charges of university are subject to change as per government / university policies and statutory laws that come in force from time to time.
- 8) College have all the rights to cancel the admission of the student in programme offered by Shikshapeeth College, if any discrepancy such as the fee is not deposited within stipulated date, non submission of eligibility proof, indiscipline, misbehavior, mischief etc. In that case no fees will be refunded.
- 9) All the important & necessary information will be displayed on the notice board of the college and an e-mail will also be sent on the e-mail ID's provided by the students. It shall be the responsibility of the students to obtain all the essential information regarding Study Material, Examinations Forms, Certificates, Application Forms, Results, Fees, Class Schedules or any other information from the college/university on regular basis irrespective of whether the students are attending the classes on regular basis or not. College will not be responsible for any lack of communication. In case of any clarification, student should submit his/her request in writing to the college rather than verbal communication.
- 10) No student shall act in a manner so as to destroy damage or otherwise harm the property of the college and the facilities available. Every student is required to maintain the discipline in the college. Disciplinary action along with Fine will be charged in case of any damage caused by the student to the college property.
- 11) Any dispute, pertaining to admission in programmes offered by Shikshapeeth College, of any nature, as student of the college, shall be subject to the exclusive jurisdiction of Delhi courts.

## Training & Placement

It gives an immense pleasure, on behalf of Training and Placement cell, to welcome you at Shikshapeeth College of Management and Technology.

The Training and Placement Cell of the college handles all aspects of placements for the students of all streams. Here we evaluate the dexterity, competencies, skills and talents of our budding management leaders and ensure that they get absorbed into organizations. This objective of the cell revolves around "**CORPORATE INTERFACE PROGRAMME**" which is the module of education in SCMT. Herein along with quality education the student has to work/train in corporate both at Graduate and Post Graduate level from second year onwards of their respective programmes.

Our goal is to transform each student from an Aspiring Manager to a Talented Manager.

We SUPPORT the STUDENTS in following manner:

- ☒ Career counseling of students.
- ☒ Identifying strengths and weaknesses of students.

- ☒ Providing training on identified weaknesses.
- ☒ Arranging Guest Lecturers of Corporate Professionals.
- ☒ Industrial Visits.
- ☒ Live projects.
- ☒ Internships.
- ☒ Final placements.
- ☒ Providing requisite skills to students in the area of Personality Development and Communication Skills.
- ☒ Developing profile of students and presenting of same to various industries.
- ☒ Alumni networking.

The Training and placement Cell is an interface between college and companies. It maintains symbiotic, vibrant and purposeful relationship with companies. It has till now built up an impressive placement record of 100% till now.

Training and Placement Cell organizes STUDENT DEVELOPMENT PROGRAM for the students towards preparing them for campus recruitment programmes. A systematized coordination is extended by the cell to enable the recruited students to play their roles in their respective organizations.

All the Best,

Regards  
Training and Placement Cell

## Student Testimonials

This 'College life' which includes house activities as well as TPC | Training & Placement Cell who gave me an opportunity to explore my skills in front of corporate world in the form of OJT during my college times and as a final placement in corporate world after my college life, which enhances my skills and also to implement my knowledge in various levels. This is to give a big thanks to my college teachers and especially to our TPC department.

## Student Testimonials

Experience at shikshapeeth...

I felt very lucky to be a part of shikshapeeth College of management and Technology as they had given me the platform to brighten up my skills and talent in both manner in education and also in sports.

With the help of the supportive Academic Department I was able to know myself

From here itself I got the opportunity to work in 3 different and good Companies i.e Outlook magazine, Zodrej, and Snapdeal (Vulcan). I had learnt lots of knowledge and practical skills from there.

After gaining all this I feel proud to be a shikshapeethian and yes to be a "CHALLENGER"

Date- 28<sup>th</sup> January 2016

Subject - Thanks to "Training and Placement Head"  
Dear Sir/Mam

I felt happy & highly obliged to be the part of "Shikshapeeth College of Management and Technology". I Prabhjot Kaur would like to thank our honourable director and Training and development cell for organising such a wonderful Industrial visit for me on different places i.e. Anmol Bakers, NSIC, Hero motocorp, Biseri. It will be a memorable visit for me.

As an integral part of the Professional and management courses for all the students in the first and second and third year went on Industrial visit. This industrial visit provided an insight on how companies work and also useful information related to the course which cannot be visualized in lectures.

On Industrial Visit I learn many new things how biscuits are made and bikes and scooters are made.

At last I am very thankful to my college and Training and placement cell.

Prabhjot Kaur (Prabhjotkaur)  
(2015-2018)

## Student Testimonials

I want to start by thanking Shikharpeethu college of management and technology for giving me exposure and guiding me through this new phase of my life, which I started three years ago. The Corporate Interface Program that has helped me to enhance my knowledge and practical skills. The three years that I have spent in SCMT has been a wonderful experience, right from the interactive classes, to the various college events to entering at reputed companies & graduating with eight months of work experiences & much more, that has helped me evolve as an individual. Training & Placement cell support was always there with us. I leave SCMT with fond memories and knowing that CI Program will evolve into a much better one with time and change the life of any student, just like it changed mine three years ago.

To

The Director

Shikshapeeth College of Management and Technology

I Damyanti Roul Student of Shikshapeeth College of Management and Technology would thank to the Training & Placement cell especially Miss Vijaishree Srivastava who motivate, guide and gave me the opportunity to enter in a corporate. She also make me that capable of being professional and learned new things daily and also able to learn the practical knowledge that was very useful to our daily life. When I entered into the corporate it was highly a great experience for me to learn new skills, new things daily so that I may enhance my skills in a better form. I feel that it was like a three month journey not a job for me. It was really a great and wonderful experience for which I can share with SPARK....

## Student Testimonials

To,  
The Director  
Bhikshapeeth College of Management & Technology  
Tilak Nagar, New Delhi - 18.

INDUSTRIAL VISIT, a way to know about the corporate and industrial world. Our college organises industrial visit for students which helps them to know about the practical world. One of the industrial visit that college has organised is, at HERO MOTO CORP.LTD., Gurgaon on December 19, 2015.

Initially, they gave us full knowledge about their company's history, their current strategy and the vision they are seeing for the company's future.

Then they gave us an opportunity to visit the plant that how they work there, the types of machines they were using. Also, they told us about the modern techniques they are using.

We had experienced lot of things there and our visit was quite knowledgeable.

We would like to thank our college to provide such an opportunity to visit HERO MOTO CORP.

Subject :- Thankful To SCMT

Sir,

I would like to thank college authority, especially "Training and Placement cell" for make me the Professional. I learned many things after came into the stikshapeeth college.

I am feeling proud to be a student of SCMT, when I was start my life in the Stikshapeeth, I realise, it is that Palace where whole world is present, SCMT helped me to boost my confidence by organized the extra activities like, "Inter college competition", class presentation etc. Now, I can speak well & in front of the group because of stikshapeeth college of Management & Technology, & The most important part of my life, is that time, when, I were doing my OST, which is the tremendous things which organized by the SCMT for us. It helps us to face the reality of corporate world.

"I am feeling proud to saying that I am the student of SCMT."

## Student Testimonials

To, Shikshapeeth College of Management & Technology

I would like to thank Shikshapeeth sincerely for moulding my career and providing a firm base of a flourishing career. Not only the faculty is hard working but the students and the crowd is lively and talented. From the very first day of training, we were provided with fully fledged faculty support, regular monthly industrial visits, various industrial trips, quiz competition, Xena & national level competition.

I was a student of BCA program (Corporate Interface) and was provided with hands on practical training and real time project development. The corporate Interface program helped me to know the corporate world and acquire skills and knowledge for the same. I got my on-job training at "Baniya Deals" and now working with a reputed firm with good pay structure.

I am honored and feel proud to mention that I got scholarships for 3 consecutive years, got University ranks and plenty of opportunities to learn & grow daily. Sincerely I would like to appreciate the entire SCMT team for putting impeccable efforts to transform usual students to a corporate product. Thank you again for personality transformations!

### My Experience

I am Arshi Naqvi Student of SCMT would like to thank to "Training and Placement Cell" especially Ms. Anu and Ms. Preeti who motivate, guide and gave me the opportunity to enter in a Corporate world.

They also make we capable of being Professional, and also able to enhance my skills and knowledge of being professional.

TPC organise student development programmes where initially we get training to crack interviews and how to do good in group discussions. TPC also organise work interviews that boost our confidence.

They provide the internship in Global Opportunities where I got selected as HR Intern. My Experience in HR Department as Superb where I learned many things like Recruitment, Documentation, Salary Calculation etc.

Sincerely I would like to appreciate the entire SCMT Team for putting Impeccable efforts to transforms an ordinary student into Professional Student.

## Student Testimonials

Experience at Shikshapeeth,  
I feel proud when I called a Shikshapeethian.  
It's been very joyful always, when I  
see my past memories in this college. -  
A college where teachers are like our  
friends and always helps us in solving  
our all issues. Always get a  
homely environment in college  
This college has always helped me in  
enhancing my inner qualities about  
which I was never aware of.

My teachers motivated me because  
of which I got the tag of  
MS. Fresher 2015.

Despite this, in studies also my  
teachers helped me by providing  
useful notes and their wonderfully  
taught topics during the lectures.  
It's been a great experience here  
and surely, I feel proud to  
say.....

Yes I am Shikshapeethian!!

Subject :- Excursion 2017

We are highly obliged & happy to be a part of "SHIKSHAPEETH COLLEGE OF MANAGEMENT AND TECHNOLOGY".

We would like to thank our honorable Director for Organising such an amazing excursion to Manali, Himachal Pradesh that was conclude from 5<sup>th</sup> April, 2017 - 10<sup>th</sup> April 2017.

The very first day, we went to Mall road for shopping & it ended with DJ Night.

The second day, we went to Solang Valley at Snow Point. The view from that place was mesmerizing. The scenery was pictures skiing was the part of the activity. Mountain trekking was diving. After 2 hrs of rest, we went for dinner & the food was delicious followed by bonfire & DJ Night.

The third day, we went for river crossing & then we went back to our Resort and after having lunch & some rest we again went to Mall road & from there we went to Hadimba Devi Temple & after a busy day we went back to our Resort where we again enjoyed the bonfire & DJ followed by Dinner.

On the final day, we stayed at the resort & played Table tennis, badminton & had endless photo session. after lunch we head back to Delhi.

At the end, We were highly satisfied with the hospitality services. Most importantly, our faculty gave us special attention. We loved their company. They were like our friends & more. WE ENJOYED A LOT.

We would like to thank our college for this unforgettable & memorable trip.

Sub: 'Corporate Interface Programme' Appreciation Letter

Dear Ma'm,

We would like to share with you our experience with your College's Corporate Interface Programme. In its spirit it's a wonderful programme giving students a chance to get a glimpse of Corporate World before they actually enter it. In this way they can get very well prepared for their real entry to this world.

We received a decent performance from the selected candidates. We wish all the best to the College Management to continue this programme which will be a great experience gaining programme for students.

Warm Regards,

A handwritten signature in blue ink, appearing to read 'R. Sehgal', is written over a circular blue stamp. The stamp contains the text 'REAL TIME NETWORKS PVT. LTD.' around the perimeter and 'DELHI' in the center, with a small star symbol at the bottom.

### TO WHOM SO EVER IT MAY CONCERN

This is to certify that Ms. Prabhjot Kaur has completed her internship with us, starting from 1<sup>st</sup> August 2015 to 25<sup>th</sup> November 2015.

She was involved in following areas during the internship:

- Content Writing
- Content Research
- Social Media Marketing
- SEO

During her internship with us, we were pleasantly surprised with her performance. She is one of the best interns we have ever worked with. She is intelligent, hardworking, punctual, honest, diligent, creative, and vocal about her ideas.

Prabhjot was drawing a stipend of Rs. 7,000 (Seven Thousand Only) during her internship with us. In addition to that, she was also able to get bonus due to his good performance.

We look forward to working with Prabhjot again, and wish her all the best in her future endeavours.

Thank you,

Ishan Bansal
